NORTHSTONE
CONTEMPORARY TERRAZZO

REFINED ITALIAN TERRAZZO

A step above the rest, Northstone's Terrazzo is a leader in cutting-edge European elegance.

Direct from Italy, Northstone transforms timeless natural elements into elegant Terrazzo. Made from all-natural materials, it reverberates a natural aesthetic that engulfs every design.

Constructed with the latest advanced technology, Northstone synergises the highest design principles with sustainability, resulting in an environmentally sensitive and recyclable surface.

Moreover, Northstone is also available in custom styles and patterns - making your design unique.

There's a wide range of styles and finishes too, because Northstone is perfect for creating a uniformed space.

CUSTOM CREATIONS

CREATE CONSISTENCY, CONTINUITY AND CONNECTION.

Creating your own Terrazzo is now a reality. From original logos to designer looks, there's a path for every stylish idea. This high-tech evolution allows for artistic tastes to highlight the 'personal' and the 'chic' to suit any project.

This exclusive offering is only available through CDK Stone in partnership with Northstone.

OUR RANGE

BRESCIA 05

Drawing inspiration from ancient Roman architecture, Brescia 05 is ideal for creating subtle texture. With a unique shadowy, light grey, this Terrazzo can provide contrast to both light and dark architectural elements. With a truly unlimited application, Brescia 05 is the most versatile Northstone Terrazzo.

BERGAMO 05

Northstone's statement contrast design, Bergamo 05, portrays an endless texture. With dark undertones and luminous highlights, Bergamo 05 is ideal for creating an aura throughout every space it encompasses. Bergamo 05 is perfect for reverberating a tranquil design.

MANTOVA 05

Representing a timeless design, Mantova 05 is elegantly subtle. Emphasised through its grey and brown undertones, Mantova 05 produces an unrivalled texture. Mantova 05 is ideal for creating a subtle yet unique eternal design.

SIZES & FINISHES

UNMATCHED UNIFORMITY.

Northstone's advanced composition process allows for original, natural or homogenous styles, providing unlimited solutions.

Northstone is available in tiles and slabs. Custom orders are available for skirtings, steps, windowsills and pool surroundings. Northstone comes in a range of styles that can either be polished, honed, brushed, bush hammered, sand blasted or raw.

Northstone Terrazzo's tile sizes are 400 x 400 x 15 mm and 600 x 600 x 18 mm; whereas Northstone's slab sizes are 1530 x 680 x 25 mm and 1530 x 680 x 30 mm. Ideal for all uses, Northstone is also available in custom sizes and designs.

BRESCIA 12

Bolder than its predecessor, Brescia 12 is perfectly flawed. Brescia 12 provides a contrast to both lighter and darker elements. With endless applications, Brescia 12 is ideal for creating texture.

BERGAMO 12

Drawing inspiration from the refined pebbles of the Italian Alps, Bergamo 12 effortlessly harmonises nature with function. The grey tones of these natural stones create an unmatched subtle depth and contrast. With light brown highlights, Bergamo 12 is the ideal Terrazzo for creating bold statements.

MANTOVA 12

As bold as it is unique, Mantova 12 harmonises brown highlights with grey shadows. Providing an unrefined aesthetic, Mantova 12 is the epitome of raw texture.

COMPOSITION

CRAFTED BY NATURE.

This stylish Terrazzo encompasses all-natural elements such as marble, granite, quartz, sand, cement and natural pigments. Another plus, Northstone's resistant to abrasion and impacts, alongside being highly resistant to heat and atmospheric corrosion.

Due to Northstone's refined production process, it is less porous than common natural stones and conserves its colouring for years. Suitable for a range of applications, Northstone is the next natural masterpiece.

Produced to the highest environmental standards, Northstone is constructed with eco-sensitive mineral adhesive and does not use resin-based binders. As well, Northstone does not contain any synthetic materials, resulting in a recyclable surface.

ADVANTAGES

Northstone is constructed with natural stones like marble, granite and quartz.

Northstone is an eco-sensitive product: its natural stones are bound without resin-based adhesives.

Northstone is compositional freedom: by choosing natural stones we can create truly unique designs, with limitless tailored solutions.

Northstone is homogeneous and solid; it is highly resistant to atmospheric corrosion.

Northstone is heat tolerant and does not produce poisonous gas.

Northstone has a lower water absorption than most common natural stones, due to the advanced production process.

Northstone care is simple: it conserves its brightness for years.

Northstone is resistant to abrasion, bump, deflection, pressure and tear in case of anchoring.

Northstone's products are 100% eco-friendly mineral adhesive.
